

PRODUCT**PRO 741 NANO HYDRO BLOCK****DESCRIPTION**

PRO 741 NANO HYDRO BLOCK Grout & Tiles Waterproof Sealer is a specialized solvent based waterproof clear sealer, which acts as a waterproof for grout and tiles in tiled area with a faulty or undetectable waterproofing membrane. This product prevents moisture getting behind tiles that cause cracking, stopping mold growth and reduces maintenance cost.

ADVANTAGES

-  To prevent water penetration affecting low lying brick surface
-  Reduce fractures and trapping
-  Reduce mold and metal plate rust
